

KIAWAH'S KEY MEN: EUROPE

NICK FALDO

Age: 34. **Career victories:** 26.
Ryder Cup appearances:
1977, '79, '81, '83, '85, '87, '89.
Records: P27, W16, L9, H2.

FALDO lost his last three Ryder Cup singles but remains crucial to the European team. Faldo has almost all the shots and is adept at manufacturing shots around the green – an important point at Kiawah Island.

IAN WOOSNAM

Age: 33. **Career victories:** 22.
Ryder Cup appearances:
1983, '85, '87, '89.
Records: P17, W7, L7, H3.

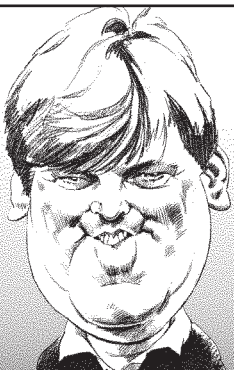

SINCE winning the masters, Woosnam's action has suffered. Though he has played some great rounds he has been driven to experiment on the greens. Despite this, Woosnam has the gift of rising to the occasion.

JOSE MARIA OLAZABAL

Age: 25. **Career victories:** 14.
Ryder Cup appearances:
1987, '89.
Records: P10, W7, L2, H1.

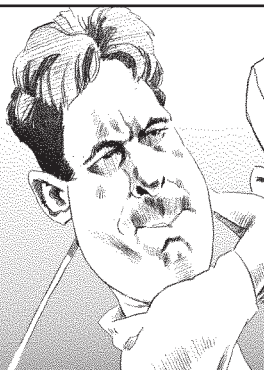

OLAZABAL reached a personal best during last season's World Series but then seemed to lose his touch. However his runaway victory in the Epson Grand Prix at St Pierre indicates a recovery at the right time.

STEVEN RICHARDSON

Age: 25. **Career victories:** 2.
Ryder Cup appearances: None.

ENGLISH amateur champion in 1989, Richardson was narrowly denied the European Tour in 1990. Richardson has won twice this season, finished joint fifth in the USPGA Championship, and lies third in the Volvo Order of Merit.

DAVID FEHERTY

Age: 33. **Career victories:** 6.
Ryder Cup appearances: None.

FEHERTY was seventh equal in the USPGA Championship despite complaining that the course at Crooked Stick was far too long. His complaint of Kiawah Island is of the 'lack of space' and 'alligators all over the place'.

DAVID GILFORD

Age: 26. **Career victories:** 1.
Ryder Cup appearances: None.

GILFORD, the new English Open Champion, showed early talent in winning the English Amateur and the British Youths Championship. Gilford is criticised for playing rather short and sometimes seems to lack the power of flight.

SEVERIANO BALLESTEROS
Age: 34. **Career victories:** 63.
Ryder Cup appearances:
1979, '83, '85, '87, '89.
Records: P25, W13, L8, H4.
