

## Europe behind bars

The UK has the highest prison population in Europe with 96 people in prison for every 100,000 people. The Netherlands has the lowest rate – 45

\* excludes eastern Germany  
SOURCES: Council of Europe, Home Office, Press Association

Due to the rising prison population, six UK jails and two prison wings due for closure are to be kept open until 1994

 Prison to remain open  
 Prison wing to remain open  
 Planned closure to go ahead

- 1 - Kirkclevington (Young offenders)
