

Household spending

Average monthly expenditure per household (1994)

Do you ever ask yourself where all your money goes? Mintel's survey on annual household expenditure in UK shows that the largest single amount – almost 18 per cent of the average monthly budget – is spent on housing. Feeding the family comes second, accounting for a further 11 per cent

Eating out	£54	Medical/education fees	£26	Music	£12	Hairdressing	£8	Bicycles	£6
