

U.S. population

The United States' population was officially set to hit 300 million on Tuesday, but many experts say the 300 millionth American probably walked across the border from Mexico several months ago

Population by race and ethnicity (2006)

White 201m

One birth in U.S. every... **7 seconds**

One death every... **13 seconds**

One migrant every... **31 seconds**
