

Big plug for electric vehicles

Battery-powered City EVs cost less to run and maintain than drivers of gas-guzzling cars spend on fuel alone. With zero exhaust emissions, tax and insurance incentives and a year's driving for the price of a tank of petrol, micro EVs offer urban commuters an environmentally-friendly choice

ZENN EV

Price:	£8,000
Seats:	2
Top speed:	25mph
Recharge:	8-9 hours

Range: 35 miles

Launch: Oct 2006

Maranello 4 Cycle
