

# Audi unleash R8 supercar

Audi's first mid-engined sports car is inspired by their Le Mans winning R8 race car. Powered by Audi's proven V8 4.2 litre petrol engine, and fitted standard with Quattro all-wheel drive and Electronic Stability Programme, the R8 can surge to 100km/h from zero in 4.6 seconds

**Mid-mounted engine:** Achieves 44% front to 56% rear weight distribution for optimum handling

**LEDs:** World's first vehicle to be equipped with LEDs for all lighting functions

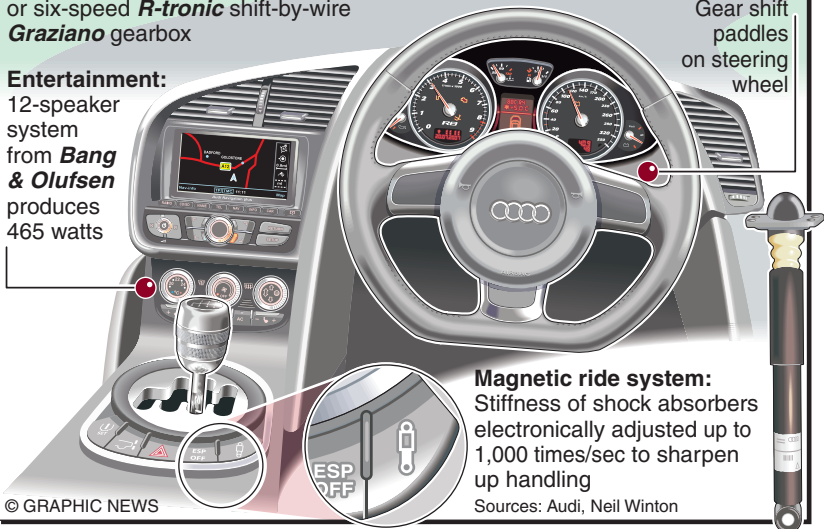

2,650mm

**Transmission:** Six-speed manual or six-speed *R-tronic* shift-by-wire *Graziano* gearbox

**Entertainment:** 12-speaker system from *Bang & Olufsen* produces 465 watts

Gear shift paddles on steering wheel

**Magnetic ride system:** Stiffness of shock absorbers electronically adjusted up to 1,000 times/sec to sharpen up handling
