

# Hamas terror mouse

Hamas militants are using a clone of Disney's *Mickey Mouse* to teach children to hate Israel and America, and aspire to Islamic world domination. The character – named *Farfour*, or butterfly – appears on Hamas-controlled *Al-Aqsa TV*, as part of a children's programme called *Tomorrow's Pioneers*

**Farfour:** "...we, Tomorrow's Pioneers, will restore to this nation its glory, and we will liberate Al-Aqsa, with Allah's will, and we will liberate Iraq, with Allah's will, and we will liberate the Muslim countries, invaded by murderers." *Al-Aqsa TV, April 16, 2007*
