

Ukraine mine blast

Rescuers continue to search for miners still missing after a methane blast ripped through Ukraine's *Zasyadko* coal mine on Sunday, killing at least 65 people

Zasyadko: Donetsk Basin (Donbas) coalfield, employs 10,000 people and produces up to 10,000 tonnes of coal every day

2006: Gas leak kills 13 miners

2001: Explosion kills 55 miners

1999: Blast kills 50 miners
