

Who's the brain behind the Mumbai attacks?

The prime suspect in the terrorist attacks on Mumbai is Abdul Subhan Qureshi, a 36-year-old computer engineer who is also believed to have masterminded multiple bombings throughout India earlier this year

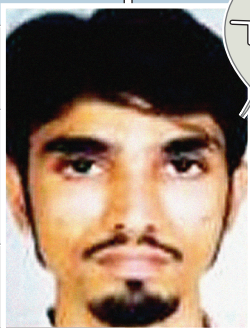

■ **Abdul Subhan Usman Qureshi:** Alias Tauqir Bilal and Qasim

■ **1972:** Born Mumbai. Graduates from Antonio De Souza High School in 1988. Awarded diploma in computer electronics 1996

■ **1998:** Joins *Students' Islamic Movement of India (SIMI)*

■ **2002:** Qureshi goes underground after SIMI banned by government

■ **2008:** Offshoot of SIMI – linked to Pakistani Islamist militant group *Lashkar-e-Toiba* – mounts multiple bomb attacks on Indian cities under name of *Indian Mujahideen*. Group calling itself *Deccan Mujahideen* claims responsibility for latest attacks
