

# European gas imports from Russia

Russia remains the largest exporter of gas to Europe, with total sales of 147.5 billion cubic metres in 2007. EU countries buy just over 40% of their gas from Russia's Gazprom, of which 80% passes through Ukraine

Imports from Russia as percentage of total gas consumption: **FINLAND 100%**

**SLOVAKIA 98.3%**

**CZECH REP. 72.2%**
