It isn't hard to guess, from a comedy with a title like ***The Answer Man***, that the man in question probably doesn't have any answers at all.

The debut from writer-director John Hindman features *Daniels* as a cranky author, co-star *Graham* as the struggling single mother who magically softens him, and *Pucci* as the bookstore owner seeking his salvation.

Together, the motley threesome forges an unlikely support system
