

Fiat's 500C is world's cutest car

The new 500C, a reinterpretation of the original 1957 Cinquecento, offers open-air driving at the push of a button. Options include leather upholstery, Blue&Me navigation system and automatic-climate control

Electrically-operated fabric roof slides back to top of boot opening

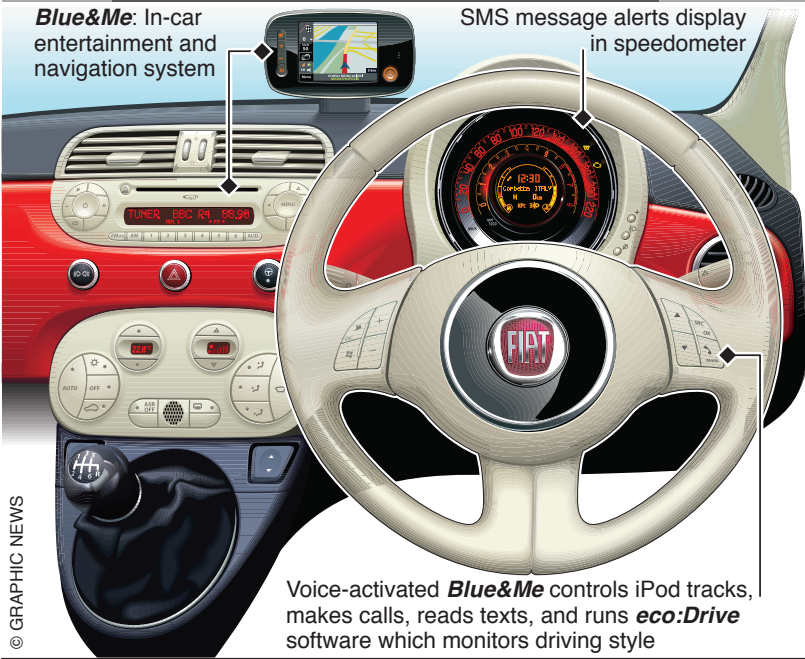

Engines: 1.2, 1.4 litre petrol, 1.3 litre diesel. 5- or 6-speed manual gearbox or semi-automatic (petrol only)

Wheelbase: 2,300mm

Blue&Me: In-car entertainment and navigation system

SMS message alerts display in speedometer

Voice-activated **Blue&Me** controls iPod tracks, makes calls, reads texts, and runs **eco:Drive** software which monitors driving style
