

Taking Woodstock

Director: **Ang Lee**

Starring: **Demetri Martin,
Henry Goodman, Eugene Levy**

Ang Lee's homage to the generation-defining concert is seen through the eyes of Elliot Teichberg (*Demetri Martin*) who views the upcoming rock festival as a means to save his parents' ramshackle El Monaco Motel from foreclosure.

Awash in period detail, ***Taking Woodstock*** presents a loving glimpse of the behind-the-scenes hijinks as half a million hippies go on down to Yasgur's farm – a shining moment of the Age of Aquarius

A Focus Features release.
