## **U.S.** and Russian nuclear stockpiles

Russian and U.S. diplomats are trying to negotiate a successor to the 1991

	START II and the unfinished START III treaties were killed off when the Bush administration withdrew from the Anti-Ballistic Missile Treaty in 2002				
	Issues: Moscow and Washington disa will be subject to cuts, rules for countinuclear warheads and how intrusive in	ng their joint 22,000-plus			
Excluded: Short-range tactical and naval wear
