

# West Bank's critical water supplies

Israel is denying Palestinians living in the West Bank and Gaza Strip their fair share of the region's scarce water supplies, according to a report published by Amnesty International. As many as 200,000 Palestinians living in the West Bank have no access at all to running water

**Shared water resources in West Bank Mountain Aquifer**  
(Stipulated under 1995 Oslo Accords, million cubic metres per year)

	Israeli	Palestinian
Western	340	22
North-East	103	42
Eastern	40	54

**Average daily water use**  
(drinking, washing, agriculture and all other uses)

Palestinians:  
**70 litres**

Israelis:  
**300 litres**
