

Thousands stranded by Pakistan floods

The worst monsoon floods on record have killed more than 1,300 people in Pakistan's northwest. The UN estimates that some 1.5 million people are affected by the disaster, with 30,000 still trapped by flood water

Worst affected areas

1 Widespread destruction in Chitral and Dir districts. **2** At least 400 people killed in Swat and **3** Shangla districts

4 Landslides in Neelum Valley.

5 At least 700 people killed in Charsadda, **6** Peshawar, and **7** Nowshera districts
