

# Java volcano death toll doubles

At least 64 people have been killed in the latest eruption of Indonesia's Mount Merapi volcano – more than doubling the death toll since it became active again last week. The eruptions have killed 106 people and forced the evacuation of 160,000

**Nov 5, Argomulyo:** At least 54 people killed as Merapi spews hot gas as far as 13km at over 750 degrees Celsius

10km

6 miles
