

# Geneva goes for glamour

Carmakers at the Geneva Motor Show are jockeying for a bigger slice of Europe's stagnant market with high-end models and mass-market launches and concepts

**Aston Martin:** All new **Virage**, with 6-speed automatic gearbox, 0-100km/h in 4.5 seconds, and top speed of 300km/h

**Volkswagen:**  
Revamped  
**Tiguan SUV**

**Mitsubishi:** Debut of **Concept Global Small** hatchback

**Renault:** Displaying **Captur** crossover concept urban and off-road vehicle

**Nissan:** **Infiniti Etherea** compact luxury crossover between saloon, hatch and coupe

▲ **Mini:** Debut of **Rocketman Concept** – 30cm shorter than standard Cooper, it is almost same size as **Alec Issigonis's** 1959 original.

Rocketman has average fuel consumption of 3 litres/100km

◀ **Rolls-Royce:** BMW-owned luxury carmaker debuting its first electric car at Geneva. **102EX Phantom Experimental Electric** is latest in line of concept cars serving as test bed to gather research data for future alternative drivetrains
