

# "Islamic pipeline" seeks Euro gas markets

Iran has signed a preliminary \$10 billion deal with Syria and Iraq to build a 5,000km pipeline to export natural gas from its giant South Pars field. The pipeline will connect with the Arab Gas Pipeline to export to Europe

Arab Gas Pipeline

Iran's "Islamic Pipeline"

Planned extension to Europe

**South Pars:** Iranian section of world's largest gas reservoir

**Iraq:** Will take up to 15 million cubic metres per day  
**Syria:** 20 million cubic metres. **Lebanon:** 7 million cubic metres  
**Available for export:** 68 million cubic metres per day
