

Boeing Max v Airbus neo

Boeing has 549 firm orders for its MAX since launching it last August. The fuel-efficient model is key in its battle to close the gap with Airbus, which has more than 1,400 firm orders for its A320neo

Orders (2011)

1,419

Orders

805

A320neo fuel cost savings: 15%

List price: \$96.7 million

Boeing MAX fuel cost savings: 12%

List price: \$95.5 million
