

Microsoft Office on iPad

Under the stewardship of new CEO Satya Nadella, Microsoft has finally released its *Office* suite for iPad

Word

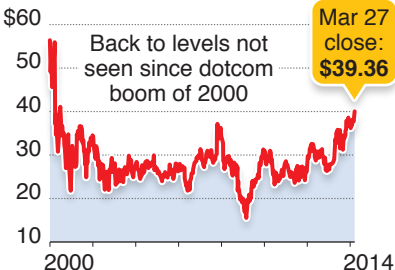

Excel

PowerPoint

*Office for iPad is free to view files with but to create documents, users must pay \$70-100 annual subscription**

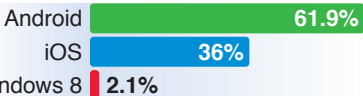

MICROSOFT SHARE PRICE

■ Office for iPad believed to have been ready for years but held back from release by former CEO **Steve Ballmer**, who objected to Apple's 30% cut of subscription fees, and to keep apps exclusive to **Windows 8**

GLOBAL TABLET MARKET SHARE

(by operating system, 2013)

* **Office Mobile** (with limited functionality) for iOS and Android smartphones is now free to use
