

Violence between Israel and Hamas intensifies

Palestinian militants in the Gaza Strip have unleashed their most far-reaching rocket attack to date on Israeli cities, prompting Israel to vow to significantly expand its operations against Hamas

M-302 range:
Around 100km

Hadera: Attacked with M-302 rocket, furthest target so far reached

Tel Aviv: Iron Dome intercepts two rockets over city

Jerusalem: Three rockets hit city for first time

Jul 8-9: Israeli military says more than 160 rockets hit Israel, with **Iron Dome** interceptor system shooting down 45

Israel estimates there are around 10,000 rockets in Hamas arsenal, including Qassam, GRADs, Fajr-5 and M302s
