

Donald Trump's vision of "America first"

TRADE

Declare China a **currency manipulator**. Set punitive tariffs on China's exports to counter Beijing's illegal export subsidies. Scrap 12-nation **Trans-Pacific Partnership** trade pact and renegotiate **North American Free Trade Agreement** with Mexico and Canada

TAXES

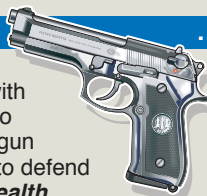

Corporate tax rate: To be cut from current level of 35% to 15%. Stop **corporate inversions**, in which U.S. companies buy overseas firms to reduce tax bills by reincorporating abroad. **Income tax:** Under **"1-5-10-15"** tax plan, individuals earning less than \$25,000 per year will not pay income tax. Earnings up to \$30,000 will pay 1% tax, \$30,000 to \$100,000 pay 5%, \$100,000 to \$1 million will be taxed at 10%, above \$1m will attract 15% tax

IMMIGRATION

Build wall at U.S.-Mexico border to keep out illegal immigrants. Mexico will pay \$10-\$12 billion cost or **"face consequences"** – including new rule to stop immigrants sending money back to Mexico unless they can prove lawful presence in U.S.

Deport 11 million illegal immigrants living in U.S. and end **birthright citizenship** for children born to illegal immigrants. Trump has backed off on call for blanket ban on Muslim immigration to America, saying ban was **"just a suggestion"**

GUN CONTROL ...

Expand **Project Exile** – federal prosecution and prison for five years, with no parole, for anyone who uses a gun to commit a crime. Empower law-abiding gun owners – including teachers in class – to defend themselves. **"A tremendous mental health problem"**, not guns, is cause of America's mass shootings

... DEFENCE AND TERRORISM

U.S. military: Increase power to make it **"so strong, so powerful, that nobody's going to mess with us"**. **NATO:** Make allies in Europe and Asia pay U.S. for their defence – or leave them to defend themselves. **Terrorism:** Bring back use of **waterboarding** – banned under U.S. law. **"Cut off the head"** of so-called Islamic State and **"take their oil"** for America

ECONOMY

Wipe out \$19 trillion deficit by boosting jobs and cutting government waste. Reduce national debt by buying government bonds back at a discount, if and when interest rates go up. U.S. will never default on debt **"because you print the money"**

HEALTHCARE

Repeal **Affordable Care Act**, better known as **Obamacare**.

Allow individuals to fully deduct health insurance premium payments from their tax returns. Save \$300 billion by negotiating better prices with drug companies and allowing consumers access to safe medication from overseas

Abortion: Appoint Supreme Court justices to challenge

Roe v. Wade – landmark 1973 decision that legalized abortion in U.S.
