

# East Mediterranean gas potential

A string of sizeable natural gas discoveries has been made in the eastern Mediterranean Sea over the past decade, and Egypt is working to ensure that it reaps the benefits

- Existing gas pipeline    - - - Planned gas pipeline    ● Offshore gas field
- - - Exclusive Economic Zone boundary    ■ Liquefied natural gas plant

## Gas production goals\*

Zohr phase 1	10
Zohr phase 2	18
Leviathan phase 1	12.4
Leviathan phase 2	9.3
Tamar expansion	20

\*Figures in billion cubic metres. Production rates annualised and subject to change

**Egypt-Cyprus deal to build underwater pipeline signed in August. Could be operational by 2020**
