

# U.S. hits EU with steel, aluminium tariffs

The Trump administration has imposed tariffs on steel and aluminium imports from its top allies and trading partners – the European Union, Mexico and Canada. All vowed to retaliate by penalising U.S. products

## EU EXPORTS OF FINISHED STEEL PRODUCTS TO U.S. IN 2017

Metric tonnes (000s)

**Tariffs:** 25 percent on imported steel, 10 percent on imported aluminium

**Value:** EU steel exports to U.S. worth 5.3 billion euros (\$6.5 billion) in 2017. Aluminium exports worth 1.1 billion euros.

**Jobs:** Estimated 320,000 workers across EU employed in steel industry
