

EU gas deal for U.S. tariff relief

President Trump and European Commission president Jean-Claude Juncker have agreed to work toward “zero tariffs” on non-car industrial goods in exchange for the EU importing more U.S. liquefied natural gas

U.S. natural gas
exports in 2017

89,703
million cubic metres

Value of exports
\$11.21 billion

Of which Mexico
imported

43,694
million cubic
metres

Canada
25,969

Rest of world
20,040

Russian natural gas
exports to Europe
in 2017

190,000
million cubic metres

Value of exports
\$37 billion
