

# James Bond's Aston Martin sells at auction

A rare *Aston Martin DB5*, one of the most iconic cars from the James Bond movies, has sold at auction in California for \$6.4 million

Two cars built for *Goldfinger* (one fitted with gadgets)

Two cars, including this one, used to promote *Thunderball*

**Retractable bulletproof screen**

**Ejector seat**

**Light clusters:**  
Can spray oil or spiked metal caltrops

**Armaments drawer:** Under driver seat

**Bullet-proof front/rear screens**

**Over-rider rams:**

Extend front and rear for striking other vehicles

**Radar**

**007**

**Tyre slashers:**

Deployed with push of button in movie (in reality screwed into position manually)

**Smoke screen:**  
Released through exhaust pipes

**Identity:** Revolving license plates to confound pursuers

**Guns:** Replica .30 calibre Browning machine guns, hidden behind front indicators (produce flashes and bangs but cannot fire rounds)
