

WORLD AGENDA

SEPTEMBER 2019

1 Sep 23, UN: Swedish climate activist **Greta Thunberg** will be a notable attendee at the Climate Action summit in New York. The teenager, who refuses to fly, crossed the Atlantic in a zero-carbon racing yacht to attend the conference

2 Sep 17, Israel: Centrist **Benny Gantz** (right) has another chance to win power as voters return to the polls after Prime Minister **Benjamin Netanyahu** failed to form a coalition government following April's election

3 Sep 7, Space: The **Chandrayaan-2** robotic lunar lander is due to make a soft landing some 600km from the lunar south pole, making India the fourth country to land a probe on the moon

5 Sep, U.S.: Motorcycle giant **Harley-Davidson** aims to combat shrinking sales with an all-electric bike, **LiveWire**, aimed at millennials rather than the dwindling baby boomer generation

4 Sep 17, UN: Secretary-General **Antonio Guterres** (left) will urge General Assembly delegates to find a solution to the worst cash flow crunch in years. A single funding pool for all peacekeeping operations could help remedy a \$2bn shortfall

6 Sep 20, Spain: Portuguese navigator **Ferdinand Magellan** sailed from Seville 500 years ago to find a western sea route to the Spice Islands. The expedition resulted in the first circumnavigation of the world

7 Sep 20-Nov 2, Japan: The ninth **Rugby World Cup** is the first to be staged in Asia. New Zealand's all-powerful **All Blacks** will be aiming to win the tournament for the fourth time

8 Sep 22, U.S.: **Game of Thrones** looks set for a grand farewell at the **Emmy** awards, with 32 nominations. But it could miss out on a fourth **Outstanding Series** award because the final series was widely criticized as hurried
