

# EU plan to reopen external borders

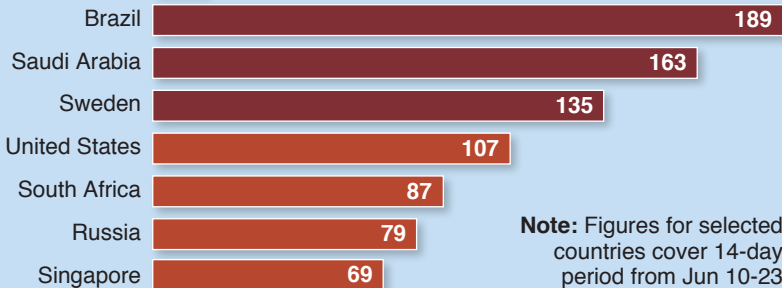

European Union officials are working to agree on who can visit the bloc when it reopens its borders to the outside world on July 1, based on how countries of origin are faring with new coronavirus cases

14-day Covid-19 case notification rate per 100,000 people (as of Jun 26)

**EU average** 16

*European officials assessing list of “safe” countries that are comparable or better than EU average when it comes to new infections over past 14 days*

**Note:** Figures for selected countries cover 14-day period from Jun 10-23
