

Electric vehicle sales soar in Europe

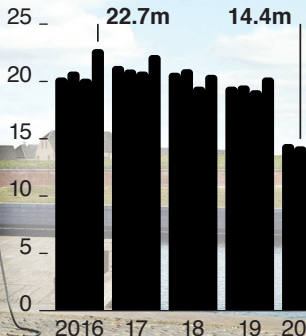

While global automobile sales plunged by millions of units in the first half of the year, electric vehicle sales in Europe are up more than 45%

EUROPE'S BEST SELLING ELECTRIC CAR

Renault ZOE sold 10,000 units in June, tripling May's sales and outselling Tesla Model 3

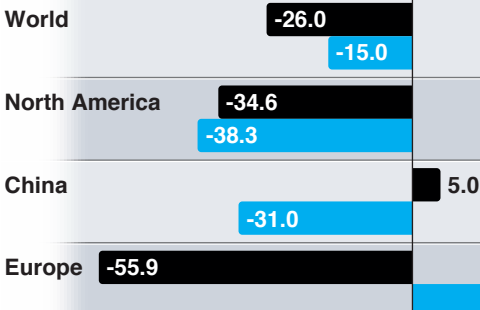

GLOBAL VEHICLE SALES (millions of units, quarterly)

PASSENGER VEHICLE SALES (% change year-on-year)

Internal combustion Electric

Combination of new stimulus programmes, new model launches and automakers pushing to hit carbon dioxide emissions targets sees market explode
