

# France's gas-guzzling tax plan

France is planning big tax hikes on high-polluting cars, with those emitting more than 225 grams of carbon dioxide per kilometre taxed at a rate of €40,000\* next year, rising to €50,000 in 2022

**Emitting more than 225 grams of CO<sub>2</sub>**

*Grams of CO<sub>2</sub>/km*

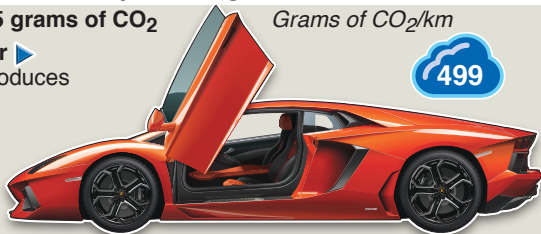

**Lamborghini Aventador** ▶

Engine: V12, 6.5 litre, produces 700PS at 8,250rpm  
0-100 km/h: 2.9 secs

**Lamborghini Urus**
