

Rising Covid-19 cases loom over Olympics

Those affected are athletes, support staff (including hotel workers and contractors) and media employees.

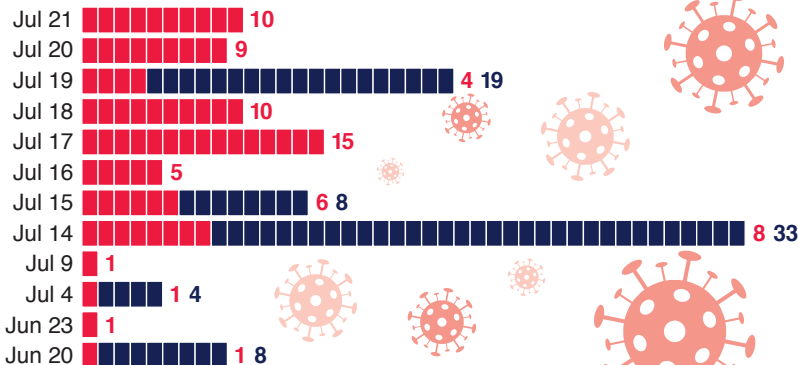

Athletes identified as close contacts can take part in events if they test negative for Covid-19, within six hours of start of their event

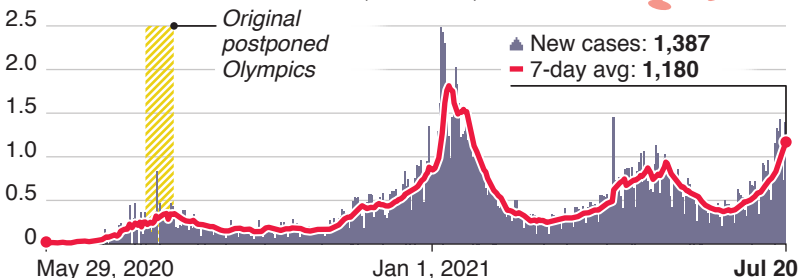

CORONAVIRUS OUTBREAKS AT TOKYO OLYMPICS*

■ Infected

■ Close contacts – possibly infected

NEW DAILY COVID CASES, TOKYO (thousands)

*Figures give general guide only as numbers vary according to sources. They do not include people testing positive shortly before planned departure for Japan, and subsequently staying at home
