

U.S. warns Russia may invade Ukraine

The U.S. is raising the alarm with European allies that Russia may be planning an invasion of Ukraine as tensions flare between Moscow and the EU over migrants and energy supplies

BALTIC
SEA

New satellite images show Russian troops with heavy equipment massing near western border. Military build-up includes covert deployment of elite troop units, defence firm **Janes** says

Ukraine claims there are now 100,000 Russian troops near its border

MIGRANT CRISIS
Belarus threatens to cut off gas supplies if EU imposes further sanctions over migrant crisis on Belarusian-Polish border
