

Europe's natural gas imports

Europe imported more than 118 billion cubic metres (bcm) of liquefied natural gas in 2021 amid fears of a cut-off of Russia's supplies, which account for almost a third of the continent's needs

Russian gas deliveries (first six weeks of 2021 and 2022)

	2021	2022	
Russian gas deliveries	18.76 bcm	11.39 bcm	DOWN 39.3%
Liquefied natural gas deliveries	7.96 bcm	19.59 bcm	UP 146.1%
