

# Surge in U.S. military aid to Ukraine

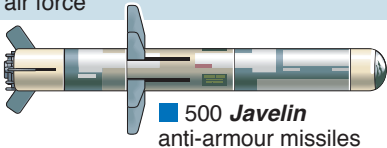

The U.S. has pledged a further \$800 million in military aid to help Ukraine defend itself against Russia

■ 18 155mm towed howitzers, with 40,000 artillery rounds

■ 10 **AN/TPQ-36 Firefinder** mobile radar systems – used to locate hostile mortar, artillery and rocket fire

■ 11 Russian-designed **Mi-17 “Hip”** helicopters, originally purchased by U.S. for now-defunct Afghan air force

■ 300 additional **Switchblade** aerial drones, used to strike targets by crashing into them

■ Two **AN/MPQ-64 Sentinel** air surveillance radars

■ Unspecified number of unmanned coastal defence vessels

■ 100 armoured **Humvees**

■ Protective equipment against chemical, biological, radiological and nuclear (CBRN) contaminants

■ 30,000 sets of body armour and helmets

■ More than 2,000 optics and laser rangefinders

■ C-4 explosives and demolition equipment for mine clearing

■ **Claymore** anti-personnel mines
