

India's food price inflation soars

Food costs, which make up nearly half of India's consumer price index, rose 7.97% year-on-year in May, pushed by edible oil and vegetable prices which continue to spiral upwards

Micronutrients: Indian marrow, bitter melon, ribbed gourd, snake beans, curry and taro leaves are vital sources of vitamins and minerals

Consumer food price index (May 2022, year-on-year % change)
