

# Ukraine invasion – day 160

**1 Kyiv:** U.S. announces new tranche of weapons for Ukraine worth \$550m, including ammunition for increasingly important **HIMARS** long-range rocket systems

**2 Donbas:** Russian assault on **Slovyansk** likely paused as transfer of troops to support defensive positions in south continues

**3 Zaporizhzhia Nuclear Power Plant:** U.S. accuses Russia of using plant as “nuclear shield” by stationing troops there, preventing Ukrainian forces from returning fire and risking nuclear accident

**4 Kherson Oblast:** Three people killed as Russian shell hits minibus carrying evacuees in **Starosillia**
