

Ukraine invasion – day 167

1 Zaporizhzhia: Russia storing military equipment and conducting attacks from nuclear power plant, effectively using it as nuclear shield

2 Izyum: Ukrainian troop advances, village of Dovhenke recaptured

3 Donetsk: Heavy fighting, air strikes support Russian advance into Pisky

4 Melitopol: Ukrainian rocket attacks destroy “significant amounts” of Russian military equipment

5 Kherson: Russia delays reopening of Antonivskiy bridge due to further damage from Ukrainian attacks

6 Mykolaiv: 400 people arrested on suspicion of collaborating with Russia
