

Ukraine invasion – day 181

1 Southwest: Ukraine restores rail link to **Moldova** after 23-year hiatus, which could carry 10m tonnes of freight per year

2 Kherson: Russia starts to construct floating bridge over **Dnipro River** as Ukrainian rockets continue to strike **Antonivsky** road bridge

3 Enerhoda: Russian and Ukrainian sources report shelling at thermal plant, 5km from **Zaporizhzhia Nuclear Power Plant**

4 Zaporizhzhia Oblast: Russian proxies designate Ukrainian citizens entering from unoccupied Ukraine as “asylum seekers”, obliquely declaring region’s independence
