

Ukraine invasion – day 239

1 Kyiv: Government orders nationwide curbs on electricity use – between 7am and 11pm – because of Russian attacks on power plants

2 Ukraine: President Putin imposes martial law in four regions he claims to have annexed: **Zaporizhzhia, Luhansk, Donetsk and Kherson**

3 Kherson: Russian-appointed administration begins evacuation of city, with plans for up to 60,000 people to move out in next six days

Russia's admission of "difficult situation" in Kherson indicates Moscow is considering withdrawal of forces from west of Dniipro river, UK intelligence says
