

# Ukraine invasion – day 254

Nov 4, 2022

**1 Kyiv:** President **Zelenskiy** says 4.5 million Ukrainians in capital city and 10 other regions are without power following Russian attacks on energy network

**2 Kherson Oblast:** Russian forces continue to withdraw some units from northwest. It remains unclear if they will fight for **Kherson city**

**3 Ukraine:** **IAEA** finds no evidence to prove Russia's "dirty bomb" accusations, after inspecting three sites at Kyiv's request

Russia has likely started deploying "blocking units" threatening to shoot own retreating soldiers amid low morale and reluctance to fight, according to UK intelligence
