

Ukraine invasion – day 286

Dec 6, 2022

1 Ukraine: New wave of Russian missile strikes causes significant disruption to power grid, as winter temperatures plunge

2 Russia: Explosions at airfields in Ryazan and Saratov regions blamed on Ukrainian drone attacks

3 Bakhmut: Russian forces continue to make incremental gains but have yet to surround city

4 Crimea: Russian President *Vladimir Putin* drives across key Kerch Bridge that was damaged by truck bomb in October
