

Ukraine to get armoured vehicles from West

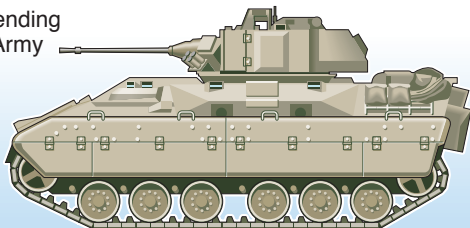

Western allies have moved towards supplying armoured fighting vehicles to Ukraine, but not the heavier tanks Kyiv has requested to help repel Russian forces

AMX-10 RC: France has pledged to send Ukraine undisclosed number of light armoured combat vehicles

M2 Bradley: U.S. considering sending infantry fighting vehicles – U.S. Army has thousands of them

Ukraine has repeatedly asked Western allies for heavier fighting vehicles such as U.S. Abrams and German-made Leopard tanks
