

Ukraine invasion – day 380

Mar 10, 2023

1 Ukraine: Russia targets military and energy infrastructure with 95 missiles in largest strike this year

2 Moldova: Russian-backed security services in breakaway region of Transnistria claim to have foiled Ukrainian plot to assassinate leader

3 Russia: Redirection of resources from public welfare to military could enable Russia to continue war for another two years

4 Bakhmut: Ukrainian troops repel 102 attacks in 24 hours, but Wagner Group may be conducting “tactical pause”

5 Vuhledar: Russian forces appear to be preparing renewed offensive despite catastrophic losses in Feb

6 Zaporizhzhia NPP: Missile attacks forced nuclear plant to temporarily disconnect from grid. IAEA calls for urgent action to protect safety
