

# Spain exhumes fascist Falange leader

The exhumation of José Antonio Primo de Rivera from a giant mausoleum outside Madrid is part of the Spanish government's ongoing drive against symbols of fascism

**Primo de Rivera:** Founder of Falange movement, which inspired **Gen Francisco Franco's** dictatorship

**Santa Cruz Basilica:** Carved into mountainside near Madrid

**VALLEY OF CUELGAMUROS**  
Formerly known as **Valley of the Fallen**, resting place of over 30,000 soldiers killed in Civil War

Loathed by many as monument to fascist victory – political prisoners forced to help build it

150m stone cross
