

U.S. “knew of plan to attack Nord Stream”

The U.S. learned of a Ukrainian plan to attack the Nord Stream gas pipelines three months before they were damaged by explosions, the *Washington Post* has reported

○ Reported gas leaks — Nord Stream 1 — Nord Stream 2

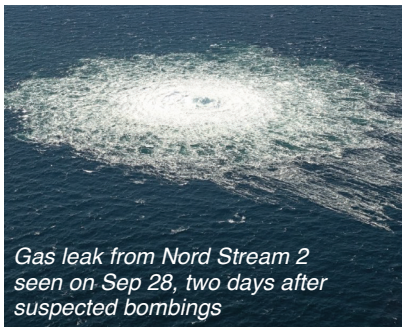

■ *Washington Post* report cites information shared online by **Jack Teixeira** – U.S. Air National Guard member arrested in Apr 2023 and charged with leaking sensitive U.S. documents

■ Leaked documents indicate that **unnamed European intelligence agency** told CIA in Jun 2022 about alleged plot by Ukrainian military divers to blow up Nord Stream pipelines – built to carry Russian natural gas to Germany

■ Details shared by U.S. with allies, including Germany. Plot said to involve six-person team taking yacht from German port of Rostock to carry out attack

■ **Sep 26, 2022: Nord Stream pipelines rocked by underwater explosions.** Accusations made against several countries including Russia, U.S. and Ukraine, but all deny responsibility

Gas leak from Nord Stream 2 seen on Sep 28, two days after suspected bombings
