

North Korean weapons linked to Hamas

South Korea's military says that the Hamas attacks on Israel may have used weapons produced by North Korea

ROCKET-PROPELLED GRENADES (RPGs)

Photos from conflict show Hamas may be using **F-7** high-explosive fragmentation rockets made by North Korea

*F-7 appears to be another name for North's **RPG-7** launcher*

Effective range: **200m**

Missile length: **60cm**

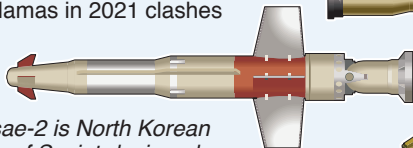

European researchers say F-7 is discernible from similar RPGs by red band around warhead

Right: Israeli soldiers with weapons seized from Hamas. Highlighted item is believed to be F-7 rocket

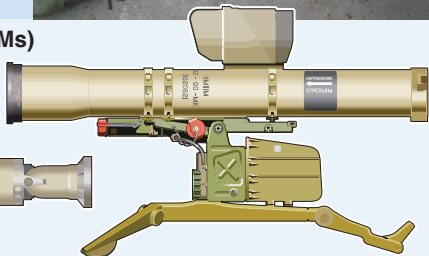

ANTI-TANK GUIDED MISSILES (ATGMs)

Small numbers of North Korean **Bulsae-2** ATGMs seen in use by Hamas in 2021 clashes

*Bulsae-2 is North Korean copy of Soviet-designed **9K111 Fagot***

Missile length: **1.1m**

Effective range: **2,000m**

ARTILLERY ROCKETS

North Korean 122mm multiple rocket launchers provided to armed group related to Hamas

Shells marked "**Bang-122**" – same as ammunition used by North Korea – found near Israeli border

122mm **Grad** rocket

Range: **20km**
