

# U.S. allows Ukraine to strike inside Russia

President Joe Biden has given permission for Ukraine to use U.S.-supplied weapons to strike some military targets in Russia

Russian targets in range of U.S. weapons

- ✈ Military air base
- Known object

Range of glide bombs launched from Russia

BELARUS

Chernihiv

Kyiv

Sumy

Kharkiv

Dnipro

Donetsk

Russian-held territory

Odesa

Black Sea

Crimea

ATACMS range: 300km

RUSSIA

GLSDB: 150km

HIMARS 70km

200km

125 miles

MOLDOVA

UKRAINE

ROMANIA

**Joe Biden** has restricted use of U.S. munitions so Ukraine can only fire them at targets in Russia that are supporting offensive against Kharkiv. Policy does not give Ukraine permission to use long-range ATACMS missiles inside Russia
