

Manchester United – At a loss

Despite British billionaire **Sir Jim Ratcliffe** purchasing a 27.7% minority stake in the club earlier this year, fortunes at Old Trafford have continued their downward trajectory

ANNUAL OPERATING INCOME (£millions)

Man Utd have posted cumulative operating losses of £205m since 2021

United generated almost £700m income in 2024 – with 43% from sponsorship and merchandising

Total sales

£699m

Total Opex*

£769m

Wage bill and “amortization” – player asset depreciation – account for over 70% of expenses (£555m)

*Operating expenses

HIGHEST EARNING PLAYERS AT MAN UTD

Under performing players such as Brazilian midfielder **Casemiro** (inset) highlight correlation between struggles on and off pitch at Old Trafford

	Weekly pay	Annual pay	Contract expires
