

World's first paper bottle and cap

Two sustainable packaging companies have partnered to manufacture at scale the world's first fully recyclable paper bottle and screw cap – ideal for containing solids, vitamins and pills

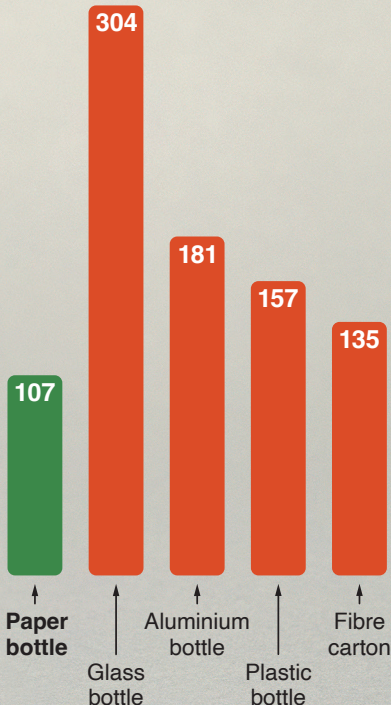

Lid, by **Blue Ocean Closures**, made from cellulose fibres pressed in dry vacuum

Paper screw thread neck

Weight: 16g

INDUSTRY COMPARISON

Life cycle assessment of global warming effects with carbon uptake considered
(grammes CO₂ equivalent)

Bottle, by **Paboco** (acronym of **Paper bottle company**), is food safe, sourced from sustainably managed forests and can be recycled as paper packaging due to small amount of **HDPE** (High-Density Polyethylene) used as barrier

Brand partners include...

Carlsberg ABSOLUT.
L'ORÉAL Coca-Cola
